To whom it may concern

I confirm that Anthony at Moist did work for Olympus Court's entrance hall.

Anthony was always reliable, on time for meetings and willing to meet and accommodate our needs during the renovation process. The work done was of a very high standard and it was done well. His employees also seem to show special care and attention to the task at hand and were careful, considerate workers.

It was a pleasure working with Anthony and his staff at Moist.

Yours faithfully

Katherine Broumels
