

## **TO WHOM IT MAY CONCERN**

I am resident in Parow Valley since 2005. Since I moved into my house I had constant problems with a leaking roof, it was a nightmare, my house was constantly wet, and during winter there were always towels or buckets in my rooms and lounge. The roof was fixed on several occasions, which was every year since we moved in, but the problem still persisted.

I then approached Moist Waterproofing and Painting in March 2011. The CEO of Moist WAP, Mr Anthony Abrahams came the same evening at my convenience. The same night I received the quotation and breakdown of how and what they were going to do, this service really impressed me, and I can assure you that they are very reasonable in terms of their costs as I had received quotations from three other contractors as well. After acceptance of the job Moist WAP was even prepared to start the job the very same weekend at no extra costs. Moist WAP has done such a sterling job waterproofing my whole roof; I even had them paint my roof as well. The employees of Moist WAP is so trustworthy, no one need to stand behind them at all, they are experienced, hardworking and reliable they would clean up everyday before they left my premises. I am sure that come hail or storm this winter my roof will be able to withstand it. Moist WAP has really impressed me and I am a very difficult client as I always expect the best services.

**Compared to all the other contractors I had over the years, I would highly recommend MOIST WAP to anyone who has any problems with their roofs or anything related to the painting of their houses.**
